(G) BIOGRAPHICAL SKETCH

NAME Holtmaat, Anthony	POSITION TITLE Professor of Neuroscience
---------------------------	---------------------------------------------

EDUCATION/TRAINING

INSTITUTION AND LOCATION	DEGREE	MM/YY	FIELD OF STUDY
University of Utrecht, The Netherlands	B.S.	04/92	Medical Biology
University of Utrecht, The Netherlands	Ph.D.	12/96	Neurobiology
Netherlands Institute for Brain Research	Postdoctoral	01/01	Neurobiology
Cold Spring Harbor laboratory, NY, USA	Postdoctoral	04/05	Neurobiology

A. Personal Statement

The goal of my research is to understand the mechanisms of experience-dependent structural and functional plasticity in cortical neuronal circuits. My lab is embedded in the department of Basic Neurosciences at the Faculty of Medicine of the University of Geneva. We are supported by various facilities such as transgenic mice, sequencing, imaging and behavior platform facilities. My lab uses *in vivo* gene transfer techniques combined with long term *in vivo* 2-photon laser scanning microscopy, *in vivo* electrophysiology, intrinsic optical imaging, and optogenetics to image and manipulate the structure and function of individual synapses, dendrites and axons.

B. Positions and Honors

Positions and Employment

- 2001-2003 Research Investigator, Netherlands Institute for Brain Research, Amsterdam, The Netherlands
2002-2003 Visiting Scientist, Svoboda-lab, Cold Spring Harbor Laboratories, NY, USA
2005-2007 Research Investigator, Cold Spring Harbor Laboratories, NY, USA
2007-2015 Associate Professor, Faculty of Medicine, University of Geneva, Switzerland
2016 Full Professor, Faculty of Medicine, University of Geneva, Switzerland

Other Experience, Professional Memberships, and Distinctions

- 1995-pres Member of the Society for Neuroscience, USA
1995-pres Member of the European Society for Neuroscience
1997, 2001 Co-organizer, International Summer School of Brain Research, Amsterdam, Netherlands
2001 Recipient of a Visiting Scientist travel stipend from the Netherlands Science Organization
2005-pres Reviewer for National Science Foundations and Funding Organizations (National Institute of Health [USA], Swiss National Science Foundation, Netherlands Organization for Scientific Research, Wellcome Trust, Medical Research Council [UK], French National Research Agency, Foundation for Polish Science, Vienna Science and Technology Fund, Austrian Science Fund)
2007-pres Reviewer for Scientific Journals (Nature, Science, Nature Neurosci, Neuron, EMBO Journal, eLife, J Neurosci, Cerebral Cortex, Eur J Neurosci, PLoS ONE, Learning and Memory, Brain Res, Nature Prot, J Neurosci Meth, Learning and Memory, Biol

	Rev, JoVE)
2007	Appointed at Alain Rossier Chair in the department of Basic Neuroscience Geneva, funded by the International Foundation for Research in Paraplegia,
2007-pres	Member of the Swiss Society for Neuroscience
2008-pres	Teaching in Neuroscience Masters program and 3 rd year Medical Students (Neurology)
2008-pres	Thesis committee member/examiner for more than 30 PhD students
2008-pres	Thesis advisor of 7 PhD students
2008-pres	Scientific advisor of 12 postdocs
2008-pres	Annual Research Prizes committee, Faculty of Medicine, University of Geneva, Switzerland
2008-pres	Appointed member of the Young Investigators Network of European Neuroscience Institutes
2009	Co-organizer, ENI-net meeting, Geneva, Switzerland
2010, '12	Co-organizer, IBRO/FENS Lemanic Neuroscience Summer School, Geneva/Lausanne, Switzerland
2010, '13, '17	Recipient of IRP Foundation Research Funding on behalf of a private donor
2011-pres	Co-Director, Lemanic Neuroscience Doctoral School, Geneva, Switzerland
2011-pres	Board member of the Geneva Neuroscience Center
2011-pres	Medical center building logistics committee, Faculty of Medicine, University of Geneva, Switzerland
2016	Research prize 2016 of the Swiss Brain League
