

Mobility fellowships for neuroscience training in Marseille (France) - deadline : December 8th

A*Midex/NeuroSchool mobility fellowships to master's students interested in coming to Marseille (France) for 2 to 12 months are offered. These mobility fellowships are now open to candidates from the UAM institution, as it is a member of **Civis** pan-European university.

The instructions for applying to our **incoming mobility scholarships** can be found here : <http://neuro-marseille.org/en/neuroscience-masters-program/coming-to-marseille/>
The mobility can include lab trainings but also courses.

Offers for lab internships in neuroscience in Marseille are listed here : <http://neuro-marseille.org/en/neuroscience-masters-program/training-offers/>

Students may also browse our **laboratory directory** and contact researchers directly to ask for training opportunities, stating that they will be applying for our mobility fellowships : <http://neuro-marseille.org/en/neuroscience-masters-program/lab-directory/>

Since 2015, we have welcomed over 20 master's students from our partner universities and the **feedback is extremely positive**, both from the students and their supervisors.

Please note that, for stays starting between April and August 2020, candidates must **submit their application by December 8th, 2019**.

Yours sincerely,

Isabelle Virard, Ph.D. *NeuroSchool Coordinator*
