

**Optional credit convalidation criteria for the UAM Master in Neuroscience\***

1. Each student may only convalidate a single ECTS.
2. The Commission will do an annual evaluation of the students' convalidation requests as submitted to the e-mail address: [master.neurociencia@uam.es](mailto:master.neurociencia@uam.es)
3. The activities proposed for convalidation should be appropriately justified by student attendance records to comply with the number of presential hours.
4. Among activities that may be considered for convalidation as an optional 1 ECTS credit are participation with an oral or poster presentation in a national or international Neuroscience convention with the student as the main presenter.
